

Welcome Home

Hard to believe but there is finally a place for you to call home. A place where you will be with men and women who have served and feel forgotten just like you. A place that is non-judgmental. A place where people don't just care for you, they care about you.

It's time to come home to Silver Star Apartment Community for Veterans. You will have a furnished 1 bedroom apartment within walking distance to the VA Medical Center. You'll have access to a Computer Lab an Exercise Room and a Theater Room for movie nights.

You'll never be without someone to help. There will be Supportive Services on site! Because we want you to succeed there will be Career Training available and Private Meeting Spaces so you can have confidential talks with family, friends and others. We even have crafts and hobbies to take your mind off things for a while.

Please accept this invitation to live in a place that will respect you as a person and honor the service you have unselfishly given to your country. We've got your back.
